## QUALITY POLICY

It is our objective to develop and supply innovative products that meet or exceed the specification and performance requirements of our customers. These expectations include quality, reliability, safety and efficacy. We view quality as extending beyond the manufactured product to include a complete service.

We will :-

- Continually develop ourselves to meet the ever changing demands of the industry.
- Provide products and services that meet or exceed customer's expectations, thus increasing the Company's reputation for high quality output.
- Provide appropriate staff training to improve their skills and knowledge of products and production techniques.
- Encourage creativity, initiative and a sense of responsibility in our team.
